## *About Us*

Established in 1981, Gary Presnell Bodyworks is a leader in the automotive smash repair industry. As the only local accredited repairer for BMW and Volvo, GPB is well known as a prestige repairer. GPB have apprenticed more apprentices than years of operation and their vision is to be a major investor in Tasmania's future.

Their General Manager, Kate Presnell (Gary's daughter) encourages a family culture in the workplace. Kate says, it is critical that new team members can fit into our family.
